

“Quenching the Thirst of Mother Earth™”

NUTRIENT NECTAR™

Bio-Stimulating Nutrients for Overall Soil Health and Disease Suppression

Nutrient Nectar™ is an organically derived all natural, water soluble, liquid bio-stimulant. Formulated from digested food waste, Nutrient Nectar™ provides an enormous range of hormones, carbohydrates, and essential micronutrients necessary in facilitating a healthy soil structure. Nutrient Nectar™ feeds the population of beneficial micro-organisms to facilitate the organic matter life cycle. As well, increases nutrient uptake, decreases pathogenic organisms, and encourages vigorous growth.

Nutrient Nectar™ is a complete balanced soil conditioner that easily mixes with wetting agents and does not clog sprayer nozzles. There are no sludge, manure or bio-solids used in the manufacturing of this product.

- Increases nutrient uptake
- Water soluble
- Increase disease suppression
- Supplements microbial population
- Improves the use of other fertilizers
- Improves fungicidal efficacy

Directions for Use:

Shake Well Before Use. Use approx. 4-6 ozs. per 1,000 sq. ft. every 4-6 weeks. For initial application and heavily stressed turf use 10-12 ounces per 1,000 sq. ft. Pre-mix at a rate of 1 oz. per 1 gallon of water for plants, foliar spray and general plant applications.

Guaranteed Analysis:

Total Nitrogen (N).....1.0%
 Available Phosphate (P2O5).....1.0%
 Soluble Potash (K2O).....1.0%
 This product is derived from food waste compost. Soil amending ingredients:
 composted food.....100%
